The mortgage sector surety bond class is generally made up of simple license compliance obligations. Mortgage broker bonds, mortgage banker bonds, mortgage loan originator bonds and mortgage loan servicer bonds are considered the same for the purposes of application. Mortgage broker bonds over \$50,000 and those bond obligations that contain language or provisions that are onerous to surety will require review of personal and business financial statements. Mortgage business surety bonds are essentially unsecured credit instruments therefore personal credit is an important factor in certain underwriting and rating decisions. We offer non-standard programs to applicants that may have damaged credit or may not have had the opportunity to develop a consumer credit history. We decline no application, but rather offer terms that fit each applicant.
