The commercial surety bond class is made up of simple, transactional bonds that do NOT contain contract performance guarantees. A title bond is one type of obligation of this class. Title bonds under \$25,000 generally require only a completed application to underwrite. Larger surety bond requests will require review of business financial statements. Commercial surety bonds are essentially unsecured credit instruments therefore personal credit is an important factor in certain underwriting and rating decisions over certain thresholds. We offer non-standard program access to applicants that may have damaged credit or may not have had the opportunity to develop a consumer credit history. We decline no application, but rather offer terms that fit each applicant.
